Hello

I am attaching my resume in response to your ad for a web and graphic designer, run in the May issue of Advertising Age.

I believe I have the skills that your company is seeking, and would like to be considered for the position. I have extensive layout and design experience and enjoy working on precise and detailed projects.

My background in 4-color production, camera work, and desktop publishing systems would also be an asset to your company. Working under tight deadlines is the standard of the advertising industry and is not a problem for me.

I look forward to meeting with you personally, and reviewing the requirements of this position in greater detail. I can be reached at 866-428-8899 anytime. I am looking forward to hearing from you soon.

Sincerely yours

OfficePLUS
